

## Plectrum Banjo Challenge Part 1

Here is the challenge; take a look at this:

Challenges:

1. Can you read it?
2. Can you figure out the fingering (there are several viable options, but two are the “best”)?
3. Can you tell me what scale/chord/chord type it uses?
4. Can you play it?
5. If you can play it, does it sound “hip” or just plain “weird?”
6. Do you think this exercise was worth your time (or *could be* with proper guidance and back story)?
